Alamo Ranch, is the fastest growing master-planned community in San Antonio, Texas. "This northwest area of San Antonio has been the number one market in new housing production. With all the major employers and lots of schools, it will continue to be a very attractive, very active area." says Jack Inselmann, VP for the U.S. Central Division of Metrostudy.

As the population has greatly increased, so has the need for reformed churches in the area. With over 40% of the people in the county currently identifying "none" as their religious preference, this area is in great need of the gospel.

Because we live, work, and worship within these communities, the people of the South Texas Presbytery and the Reach South Texas (RST) Church Planting Network are able to address the specific needs of newly planted churches in the area.

RST is committed to planting a church in the Alamo Ranch community that is soaked with Gospel life so that it embodies God's grace in worship, community and mission.
